# Eco Expo Asia 2015

Asia's Leading Environmental Protection Fair  
*"Embracing a Green and Sustainable Future"*

October 28 - 31, 2015 ■ Asia World-Expo, Hong Kong, China

[www.hktdc.com/fair/ecoexpoasia-en/](http://www.hktdc.com/fair/ecoexpoasia-en/)

Does your Illinois company offer innovative products or services in the environmental protection industry like Air and Water Quality, Eco-Friendly Materials, Energy Efficiency & Energy, Green Building, or Waste Management and Recycling? If so, you are invited to attend Eco Expo Asia 2015.

Celebrating its 10th edition, Eco Expo Asia 2015 is a preeminent trading platform for green businesses specializing in the Business-to-Government and Business-to-Business sectors. At the event, you will learn about new technologies, network over 350 exhibitors, and promote products on a global platform to more than 10,800 buyers from 89 countries and regions. As Asia's economy and population continue to rise, challenges lie in finding a balance between sustainable developments and minimizing the undesirable environmental byproducts of urbanization. It is predicted that the market demand for building energy conservation products and materials in Chinese mainland will exceed USD \$6.5 Billion by 2017.

Up to eight Illinois companies who qualify for this mission will receive:

- Trade show booth at the event
- 50% – 75% reimbursement of travel costs for hotel and airfare in accordance with state and federal guidelines
- Optimal service for matchmaking appointments to meet prospective partners, agents, and distributors
- Briefing materials
- Group ground transportation to programmed events
- Assistance with travel logistics
- Interpreter services, if needed
